Dear Sirs,

THE GARDEN CITY GROUP, INC.

I, Lloyd Sampson, opt out of and want to be excluded from your settlement. I still own 300 shares of Telik that I bought prior to June 4, 07.

I think it is ridiculous for me (a stock holder) to be suing my self and then giving some idiot leach lawyer half of the settlement proceeds. This make your court the laughing stock of the civilized world. I object to the settlement and I object to any laws that allow this kind of ridiculous situation to happen. If the lawyers want to sue the individuals (officers, directors, employees) responsible for the representations that caused me to lose \$6000.00, I can agree with that, but to sue the company which is effectively suing myself is plain illogical and upside down. My potential \$18 recovery is just adding insult to injury.

I can be reached at 701-235-5120 or at :
